## Application deadline

January 15  
Fall admission to the  
graduate program

The Department of Coastal Sciences in The University of Southern Mississippi's School of Ocean Science and Engineering is pleased to announce the availability of graduate fellowships in support of diversity to prospective students seeking an M.S. or Ph.D. degree. These fellowships are awarded competitively and are intended to support the recruitment of graduate students from historically underrepresented groups in coastal and marine science who demonstrate scholarly promise. Additional information on the Department of Coastal Sciences

fa2ctrnrd  
mausm.edu/graduate-

programs/coastal-sciences.php. Candidates must contact potential *faculty advisors in the Division of Coastal Sciences* to discuss their research and educational interests and must identify a faculty sponsor prior to submitting a fellowship application. The Graduate School application fee for students applying to the Coastal Sciences Graduate Fellowship in Support of Diversity will be waived if you email [coastal.sciences@usm.edu](mailto:coastal.sciences@usm.edu) to initiate your application fee waiver before you apply. Mississippi residents who fall in historically underrepresented groups in coastal and marine science are particularly encouraged to apply.
