The Gulf Coast Research Laboratory is committed to the support of a drug-free workplace. In an effort to achieve and maintain a drug-free policy, zero tolerance is a condition of this request for charter. Simply stated, zero tolerance is a policy implemented by the U.S. Customs Service and the U.S. Coast Guard to comply with the President's stand to hold all drug users accountable for their illegal actions. Therefore, a signed request for charter of the R/V JIM FRANKS under these condition as is an agreement that neither you nor any member of charter party will introduce or use illegal drugs on board the R/V JIM FRANKS.
